

"Let him return to the Lord, and He will have mercy on him; and to our God, for He will abundantly pardon." Isaiah 55:7

Tony Philips, a lifelong Catholic, had a storybook childhood in Iowa. After experimenting with alcohol and drugs throughout high school his substance abuse grew and his life spiraled out of control. He lived in darkness for over a decade, in and out of homeless shelters, battling addictions, struggling with thoughts of suicide, in and out of jail until his faith was revived through a deep personal encounter with God. Come hear Tony's powerful testimony to how the touch of God led to his radically changed life.

The talk begins at 6:30pm, followed by a soup supper. There is no charge and all are welcome. (Cancellation due to winter weather will be posted at www.waterloocatholics.org)
